## PowerWash Simulator Development Update

34 mins ago

Hey everyone,

We are sorry, but we can no longer announce the next batch of content **as planned tomorrow**. It is still coming, but at the moment, we can't share what it is or its release date due to several development factors.

We have had a fantastic year, moving from Early Access to full launch, and that is largely thanks to our community's support and feedback, so please rest assured that our wonderful development team are working incredibly hard in the background to make 2023 an amazing year full of washable content!

To achieve this, we continue to grow the PowerWash Sim team and still have **many more open roles** we hope to fill ASAP.

Console launch announcements and releases for Nintendo Switch and PlayStation 4/5 will also be coming with content announcements early next year.

Thank you for sticking with us; we hope to share more soon.

Team FuturLab.

自发售并登陆Xbox Game Pass以来，本作收获了大量的玩家好评，甚至在Steam上获得了有史以来好评率最高游戏的殊荣。游戏中玩家作为一名专业的高压清洗工，可以将任何灰尘、灰尘和泥土冲走。

将脏得黝黑的石板和墙壁都清洗干净，看上去光鲜亮丽十分耀眼，仿佛焕然一新，在这过程中玩家的压力也会像游戏中的污垢一样一扫而空。

除此之外，玩家还可以和朋友一起游玩“在线合作”模式，在“职业模式”中向最要好的朋友伸出援手，或选择最多可6人游玩的“自由游戏”，畅玩房主已完成的任何工作。
