## Rating Summary

This is an action game in which players join a large-scale battle against an evil sorcerer in Late Han Dynasty China. From a third-person perspective, players use swords, spears, hammers, magic, and clubs in melee combat against enemies (e.g., soldiers, demons, ghouls). Combat is fast-paced, highlighted by large blood-splatter effects, screams of pain, and explosions. Finishing moves sometimes depict characters dramatically impaled on swords or lances. Several scenes depict multiple corpses and/or large pools/smears of blood.
