

谷歌将在1月10日停止Win7、Win8 和 Win8.1过时系统的支持

谷歌浏览器将在2023年1月10日停止Win7、Win8 和 Win8.1过时系统的支持，想要获得谷歌 Chrome 后续的更新，用户只能将Win7、Win8 和 Win8.1系统升级到win10。

谷歌将于1月10日在Win7、Win8 和 Win8.1 上述三个系统版本上停止对 Chrome 浏览器的支持。Chrome 109 将是上述三个系统设备获得的最后一个版本更新。

谷歌原本计划于2021年7月15日停止对上述三个 Windows

过时系统的支持，但由于新冠疫情等因素谷歌将时间推迟到 2022 年 7 月 15 日。随后谷歌又因为种种原因推迟到了下周二。

Sunsetting support for Windows 7 / 8/8.1 in early 2023

Hey all,

Chrome 109 is the last version of Chrome that will support Windows 7 and Windows 8/8.1. Chrome 110 (tentatively scheduled for release on February 7th, 2023) is the first version of Chrome that requires Windows 10 or later. You'll need to ensure your device is running Windows 10 or later to continue receiving future Chrome releases. This matches Microsoft's end of support for [Windows 7 ESU](#) and [Windows 8.1 extended](#) support on January 10th, 2023.

Older versions of Chrome will continue to work, but there will be no further updates released for users on these operating systems. If you are currently on Windows 7 and Windows 8/8.1, we encourage you to move to a supported Windows version to ensure you continue to receive the latest security updates and Chrome features.

As always, [please feel free to send us feedback using these instructions](#).

Note: This post was updated on October 26th, 2022 to clarify timelines and include Windows 8, and again on October 27th to further clarify milestone release numbers.

James, Chrome Support Manager

谷歌此前已经向 Chrome 用户发出通知，表示“想要获得后续谷歌 Chrome 更新，你需要升级到 Win10 或者更高版本。当前设备运行的是 Win7 系统”。
