

Apple Card已添加相应条款 苹果版Savings Account 即将上线

3月2日消息，彭博社马克·古尔曼在最新推文中称，苹果已在 Apple Card 条款中添加了“Apple Card Savings”功能的相关描述，表明这项苹果版“余额宝”功能即将上线。

看起来 Apple Card 储蓄帐户即将到来。今天在 Apple Card 条款和条件的更新中增加了对该功能的支持。

HOW YOU RECEIVE DAILY CASH

Daily Cash Election

If we provide you with more than one way to receive your Daily Cash, you will be responsible for informing us of where to send your Daily Cash (your "Daily Cash Election"). For example, Daily Cash Elections may include Apple Cash or, a Savings account. Daily Cash Elections may change from time to time and will be displayed in your Apple Wallet.

You agree that we may share information about your Daily Cash activity with Daily Cash Election providers in order to facilitate your Daily Cash Election. Daily Cash Elections may be subject to separate terms and conditions and may only be available in certain jurisdictions and on Eligible Devices running the latest version of iOS or iPadOS. We are not responsible for, and will have no liability whatsoever arising from, your use of any products or services offered by a third-party.

Make Your Daily Cash Election

You can make or change your Daily Cash Election through Apple Wallet or other methods we may make available to you. When you make your initial Daily Cash Election, or change your Daily Cash Election, it may take one full business day or longer for your selection to become effective. If your Daily Cash Election is closed, restricted or otherwise unavailable for any reason, we may, at our option, direct your Daily Cash to any Daily Cash Election that is open and in good standing or allow your Daily Cash to accrue which you may redeem as a credit to your account as described further below. If you already have Apple Cash or Savings when you open this Account, we may make Apple Cash or Savings your default Daily Cash Election unless you change it.

Automatic Transfer of Daily Cash

If you have a current Daily Cash Election in place, we will automatically transfer your Daily Cash to your Daily Cash Election (an "Automatic Transfer"). For example, if Apple Cash is your Daily Cash Election, we will automatically transfer your Daily Cash to Apple Cash. Automatic Transfers will typically occur at least once every Business Day, but may be delayed due to the timing of transactions, fulfillment of promotional offers or other factors. We will use the Daily Cash Election in place at the time we initiate each transfer.

还在这条推文的下方注意到有用户评论，表示今天收到了来自苹果的推送信息，希望该用户对即将上线的 Savings Account 支持功能提供满足度评价。

How did it go with Savings Account support?

Tell us about your recent experience.

苹果于去年 10 月宣布，将为 Apple Card 用户推出高收益的 Savings Account 服务，也就是相当于我们熟悉的“余额宝”功能。

但苹果之后就再也没有公布后续操作。加之和高盛推广的 Apple Card 业务存在巨大亏损，很多用户认为苹果已经搁置了这项金融服务。
